Miss Miller, S.R.N., Nursing Supdt.
Miss A. C. Norgaard, Matron.

COLONEL HILL ROAD,
BANGALORE CANTT.

5. 9. 28

To the PRESIDENT, Bangalore City Municipal Council,
Bangalore City.

Sir,

The Zenana Mission Hospital, now known as the Zenana Mission Tuberculosis Hospital, has the honour to appeal through you to the Municipal Council of Bangalore City for assistance in their anti-tuberculosis work. Because of the increasing need for accommodation of patients suffering from this disease, a plan has been adopted by this hospital for the conversion of the whole building into a Tuberculosis Hospital and it is proposed shortly to increase the present number of 80 beds to 100. Further information is supplied by the enclosed pamphlet.

We would draw your attention to the fact that a Tuberculosis Dispensary in a thickly populated area such as Bangalore City is a necessary link in the effective working of a Sanatorium and a Tuberculosis Hospital. The Zenana Mission Hospital is willing to become responsible for the running of such a Dispensary for women and children in Bangalore City and to provide the free services of an English woman doctor, if funds become available for the renting of a suitable building, initial equipment and upkeep.

We therefore appeal to the Municipal Council to make this possible by giving a grant of Rs 500 for initial expenditure and Rs 200 per month for upkeep. By this means free treatment will become available for patients suffering from the disease; the Dispensary will act as a clearing station for the sending of suitable cases for in-patient treatment to the Mysore Sanatorium or to the Zenana Mission Tuberculosis Hospital and will assist in the education of the public in methods of prevention of the spread of the disease.

We have the honour to be, Sir,

Your obedient servants,

S. A. Finch.

M. I. Neal

GENERAL MISCELLANEOUS BRANCH
11 OCT. 1928

Office of the Senior Surgeon in Mysore,
Bangalore, dated 9th October 1928.

No. G.C. 171-1

Enc.

From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon in Mysore, Bangalore.

To

The General Secretary
to the Government of His Highness
the Maharaja of Mysore, Bangalore.

(Med. 177-28-5)

Sir,

With reference to your No.G.3742/Med. 18-9-1928, forwarding for my opinion a copy of the letter dated the 6th September 1928, received from Dr. S. A. Finch of the Zenana Mission Hospital, Bangalore, for financial assistance to open a Tuberculosis dispensary in Bangalore City, I have the honour to state, that it is desirable to establish, as feeders, Government Tuberculosis Dispensaries at all important places in connection with the central Sanatorium at Mysore. I would therefore propose that, instead of granting the subsidy applied for to an outside organisation like the London Mission, the same sum may be utilised by the Government itself for opening a dispensary of the kind with the aid of contribution from the Municipality and District Board. If necessary the dispensary may be staffed by a Lady Sub Assistant Surgeon for the benefit of the Gosha section of the public.

I have the honour to be,
Sir,
Your most obedient servant,

B. Mahomed

Senior Surgeon.

Med 177-28-8

From

S. Subba Rao, Esq., B.A., M.B.C.M., M.R.C.S., L.R.C.P., D.P.H.,
Offg. Senior Surgeon with the Government of
His Highness the Maharaja of Mysore.

To

The General Secretary
to the Government of His Highness
the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No.G. 9917/Med. 177-28-7, dated the 8th February 1929, calling for an estimate of the cost of running a separate Tuberculosis dispensary in Bangalore City, I have the honour to state that the initial cost on account of medicines, instruments, etc., in this connection, would come up to Rs.1,700/- and that the monthly recurring charges are estimated at Rs.180/- as noted in the margin, the same as that obtains for the Tuberculosis Dispensary at Mysore. To this a sum of Rs.60/- will have to be added for renting out a suitable building till one is built.

Pay of Sub Asst.Surgeon 50-5-100 average. ...	Rs.81/-
Charge Allowance to Do....	20/-
Compounder(20-30) average	25/-
Dispensary Attendant	10/-
Water woman ...	7/-
Midwife (to help in examining female patients) 20-30-average. ...	25/-
Fixed Contingencies ...	12/-
TOTAL.	Rs.180/-

In this connection I wish to invite your kind attention to Government Order Nos.G.13654-60/Med. 127-26-42, dated 9th January 1929 and G.9942-6/Med. 172-28-2, dated 9th February 1929 and to state that it is possible to locate both the Leper Outpatient and the Tuberculosis Dispensaries in one building, in charge of one Sub Assistant Surgeon with a slight addition to the staff already sanctioned for the Leper Out-patient Dispensary. Under such an arrangement the

the annual saving works up to Rs.2,378/- as shown in the accompanying statement.

It is perhaps necessary to explain that although the combination of arrangements for treating such widely differring diseases would seem incongruous, no objection really exists from a professional point of view. We may even go a step further and disguise the name of the dispensary altogether and call it "Special" dispensary. People would then have far less hesitation in resorting to it than if it was known either as a Tuberculosis or as a Leper Dispensary.

I solicit early orders of the Government in the matter.

I have the honour to be,

sir,

Your most obedient servant,

S. Subba Rao.

Offg. Senior Surgeon.
